Academy of Prosthodontics 2019 Annual Scientific Session
Fairmont Banff Springs Hotel, Banff Canada  May 29 – June 1, 2019

Program Speaker – Dean Morton

Title
Adhering to Proven Analog Protocols in the Digital World. A Key to Optimizing Outcomes

Abstract
Clinicians look to implants in an effort to improve outcomes for patients. Over the years treatment teams have developed sound analog protocols designed to reduce risk and improve predictability and quality. This presentation will detail the importance of maintaining sound principles and protocols in an evolving digital environment. Both analog and digital workflows will be considered and advantages of each will be considered for specific indications. Emphasis will be placed on ‘the TEAM approach’ to both surgical and prosthodontic interventions for partially edentulous as well as edentulous arches. The presentation will consider utilization of contemporary technologies that may enhance likelihood of successful outcomes.

Learning Objectives
1) Identify and discuss sound prosthodontic protocols relevant to both analog and digital treatment workflows
2) Recognize and detail options and best indications for data acquisition and utilization in implant dentistry (impression making, radiology, merging / registration, articulation)
3) Discuss contemporary planning, treatment and fabrication options for comprehensive prosthodontic treatment via patient presentations

Biography
DEAN MORTON
Dean Morton, BDS, MS, FACP is the Indiana Dental Association Professor and Chair, Department of Prosthodontics, at the Indiana University School of Dentistry. He completed his dental training at the University of Sydney (Aust.) and his MS and Postgraduate Certificate in Prosthodontics at the University of Iowa. Dr. Morton also serves as Director of the Center for Implant, Esthetic and Innovative Dentistry at IUSD.

Dr. Morton is a diplomate of the American Board of Prosthodontics, and serves as an examiner and on the Board of Directors. He is a fellow of the International Team for Implantology (ITI), and serves as a member of the Board of Directors and as Chair of the Section Management Committee. He is a fellow of the American College of Prosthodontists, the Academy of Prosthodontics, the Academy of Restorative Dentistry, the International College of Dentists and the Royal College of Surgeons (Edin).
Dr. Morton is Associate Editor of the International Journal of Oral and Maxillofacial Implants. He has published more than 100 peer reviewed articles and lectures widely on Prosthodontics, and Implant and Esthetic dentistry.
