Program Speaker – Mathew T. Kattadiyil

Title

Gender Disparities in Prosthodontics: Podium Perspectives

Abstract

The number of women prosthodontists continue to increase steadily. However, the representation of women in leadership positions seems disproportionate to the number of women in prosthodontics. This presentation will discuss this disparity and also provide results from an analysis of number and percentage of women speakers at recent prosthodontic organizations’ annual scientific meetings.

Course Objectives:
The attendee will
1. Understand gender disparity in leadership positions
2. Recognize areas of leadership positions in prosthodontics
3. Be introduced to data on women prosthodontists representation in national meetings

Brief Biographical Sketch

Mathew T. Kattadiyil
Dr. Kattadiyil is a Diplomate of the American Board of Prosthodontics and Fellow of the American College of Prosthodontists. He is currently Professor and Director of the Advanced Education Program in Prosthodontics at Loma Linda University. He also serves as a Director for the American Board of Prosthodontics.
