Title:

Perioral Cosmetic Procedures

Description:

The purpose of my talk is to educate the audience on cosmetic procedures of the face with a special focus on the perioral area. I will discuss botulinum toxins, fillers, lasers and more.

Objectives:

1. To have a better understanding of the botulinum toxins, fillers, and laser therapies available for your patients.
2. Discuss proper techniques for treatment.

I have no conflicts of interest.
