Program Speaker - Dr. Gary Goldstein

Title

Back to the Future: Occlusion

Abstract

Occlusion has been a basic tenet of Prosthodontics and the Academy since its inception. This presentation will review where we were, where we are and where we may be in the next century.

Learning Objectives

1. The participant will understand the history the Academy of Prosthodontics' involvement with occlusion.
2. The participant will understand the current state of occlusion.
3. The participant will share in the vision of the place that occlusion may hold in the future.
