Celebrating 104 Years of the Academy of Prosthodontics

Dear Colleagues,

Please join us at the *Lowes Coronado Bay Resort* for the 103rd meeting of the Academy of Prosthodontics June 1-4, 2022. Perched on its own peninsula, this private oasis near San Diego, CA is the perfect setting to what should be a spectacular program. Our Scientific Program Chair, Dr. Izchak Barzilay, has developed a program in the true style of the Academy of Prosthodontics entitled ***Future Outlooks and Past Perspectives***. The Academy known for its evidence-based programs will host a scientific session that will engage in a debate of timely topics related to materials selection, digital versus conventional techniques, and virtual articulators. This scientific program will explore all aspects of Prosthodontics, the pharmaceutical biological aspect of dentistry and healing, and Curriculum Innovation. The program will examine technology in dentistry through a new lens. We will once again hold our poster presentation competition. We hope to beat last year's record breaking participation.

As we return to our in-person professional meeting, we invite you to join the fellowship in our many social traditions. For the past two years, we have missed catching up with our colleagues. This year's events not only provide the occasions to see old friends, but will provide opportunities to create new ones. The meeting will open with the Get Acquainted Breakfast followed by the Blatterfein dinner cruise on the San Diego Bay, and the Group Networking Social Outing at Balboa Park. In addition to planned activities, San Diego has multiple attractions for everyone to enjoy.

On behalf of the Executive Council and the Fellows of the Academy of Prosthodontics, we look forward to seeing you in San Diego.

Dr. Lisa A. Lang
President, Academy of Prosthodontics
